

JON KLEK MAN QUAR TET

"The group performs swingin' versions of Jazz and rock standards. I customize trios and quartets for all types of special events based on a client's needs and budget. All the players are regularly featured at Austin's esteemed Jazz venue, the Elephant Room. Hiring the group is like bringing the Jazz club to your door. Featuring a full repertoire of swing, latin and ballads we create spacious soundscapes perfectly paired to celebrations, networking events and listening rooms.

Bringing this Jazz group onboard is a unique and exciting opportunity to make your event super memorable and dynamic. Groups can be horn fronted, or guitar and piano fronted for more laid back intimate settings. Finally, I offer a drummerless trio or duo (piano, guitar and acoustic bass) for a nice chill old-timey effect. Think Oscar Peterson Trio from the late 50's. The Jazz vibe keeps people relaxed, engaged and energized wherever we play."

Swingin' Venues I've Played

Testimonials

"We have worked with Jon a few times now and he has always delivered talented musical ensembles that were perfectly matched with the tone and tenor of our events. He is a great resource and has always been a pleasure to work with."

Stacey Hoyt, Blanton Museum of Art

"Not only us, but all of our wedding guests were impressed with the Jon Klekman Quartet. They created a beautiful ambiance for our Big Day. They embraced and represented our focus on "laid-back elegance". Very professional, creative, talented, and easy to work with. I appreciate how they listened to our vision, and also put their own cool style into it. They made our wedding day something we'll remember forever. I would love to see them play again!"

Caitlin Stelling, Wedding Client

"Jon is wonderful to work with. Professional, organized, responded kindly to feedback I had for his group based on the needs of the venue space. Creates a good mood and knows his craft."

Samantha Phelps, Proof & Cooper, Blackheart, Stay Gold

"Our company hired the Jon Klekman Quartet to play at a corporate event. The music was great and everyone enjoyed it! We would definitely hire them again and highly recommend them."

Adriana Pedraza, Mass Venture

"The Jon Klekman Quartet creates an amazing vibe to any event and venue. They play regularly at 4th Tap Brewing Co-Op and every time, we get tons of compliments on the music and vibe. JKQ hold themselves to a very high standard of musicality and professionalism and would be an amazing asset to any event or show!"

Erin Stecker, 4th Tap Brewing Co-op Co-Founder

"Jon is a professional through and through – he always catches every detail in advance and is always looking to please whatever audience he is playing too. His flexibility has proven time again to be an asset and he always has a band for any occasion."

Tres Hefter, Whole Foods

Jon and his band are consummate professionals. We had them perform several times in our hotel lobby. The space was anything but easy to play! The acoustics of the room are not meant for live music, and the staff and guests had to be able to communicate during the show. Besides that, there was a constant flow of people moving around and through the space. The guys overcame all of those challenges every time. Imagine how great they are when playing at a proper venue! **Dave Dart, Westin Hotel Downtown Austin**
